

ARGENTINE SUSTAINABLE SOY NON-CONVERSION CREDITS

CERTIFICATE

Certification code: ASC/SFAP NC 003

Standard: ASC certified farms producing soybeans

Group Manager: GapGreen

SFAP NC verified statement on 20-year Non-Conversion - Version 6.0

Issued to:
ProAgros Bv
Amersfoort
Netherlands

Production system:
Group Crop year 2021/2022

Validity until December 31st 2023

Control Union Argentina SA declares to have inspected presence of the ASC certification of the Group for the crop year in scope. Soybean production figures (60,849 mt) have been based on zone specific yield information. Control Union Argentina SA declares that the 20 years non conversion has been checked based on satellite images evaluation of all individual farms within the group.

Based on the above, Control Union Argentina SA declares that the farm group in scope is in conformity with the rules of the Argentine Sustainable Soy Non-Conversion Credit standard.

Date of certification
27/May/2022

on behalf of the managing Director

Buenos Aires, 27/May/2022

Diego Cybulka
